Dear Dada,

My good Mother

How thrilling it must be for you to have your very own home. Do tell us more about it, where it is, what style, how many rooms etc. I'm all anxious to hear. It is wonderful I think. Many good wishes for much happiness in it for you in particular & all of you in general.

Two days before Christmas a freight shipment of what looks like a mattress & two box springs or something similar arrived by Tri State. They told us it was shipped by Carl's Furniture & I recall, it is the man from whom you have purchased much of your furniture & so take it you had it sent up. It was slightly damaged so the Tri State said, but not much to matter, I believe. We have not unpacked it, thinking we might have word from you first as to what you

your news about. We hope you had a grand Christmas & we wish you all of love, warm

With love
