Dear Father,

I received your nice letter last Wednesday & intended answering it but weakened somewhere along the way. It seems that 24 hrs. just isn't long enough to do all a day demands. I started with a sore throat Saturday - was down Sunday put in a miserable day Monday came home early in the evening & have been in bed every since - not too sick but far from comfortable. Have been sneezing and had a head-ache most of the time today. Have done some reading & have thought a lot about you & wondered what you were doing. Wish you would come and visit us. Hate to spend the time going and coming or would drive down & see you. May do it anyway.

We have had some cold days but it started raining last night & has been out of it all day today. I'll surely be glad when this war is over so that I can take a rest - and I am really going to take one too. Would you like to take a trip somewhere then - & if so where? Let's plan something shall we?

How are you getting along alone? Hope you don't get
too lonesome. How often do you see Ida? Give her
& family my best & is it cold down there too.
Have you heard from Jean? Let us have
another of your weekly letters.

Haven't heard from the ranch lately &
but guess they are all alright.
Will write a better letter next time.

Love Milton
