

Seasons  Greetings

Dear Grandma,

Merry Christmas! I hope you will have a merry Christmas & I am thinking of you. Sure wish I could drop in on you but I am out here on the Great Plains. We are going to have a merry Christmas & most likely a white one. We have had a lot of snow & there is still a lot on the ground however it has blown off some places & made drifts in others. We really have a cold north wind here which has kept the temperature around here pretty low. It has dropped as low as 12° below zero. We are planning a Christmas Eve Party and so I'll say Merry Christmas and Happy New Year.

Your loving Grandson,
Jean
