

PETERSON ARMY AIR FIELD  
COLORADO SPRINGS, COLORADO

3-4-44

Dear Grandma,

Thanks for the nice letter. I am sure sorry to hear about Aunt Rosie. I hope you are well now and the rest of the folks. I sure wish Forrest could be there longer but it seems the army keeps us moving. I will be glad when it is all over and I can come & go as I please. As it is we never know when or where we will be going. I am supposed to be here for duration but I don't expect to stay here too much longer.

I was surprised to get a letter from Gareth from somewhere in England. He finds it quite nice there. Then there was a fellow I went to school with & who was inducted at the same time I was is on his way overseas.

It is rather cold here now but we have had nice weather.

3-12-44

I am sorry I didn't get this finished. I have just been too lazy to write & quest.

We have been busy doing some odds & ends around here. cleaning up buildings and moving equipment and installing it. Today I am room orderly but I expect to go to church tonight. I am going to have to start getting ready soon.

We have some good shows at our post theatre and when I go to the show I don't usually get much time to write. I'll try to write sooner next time.

Give my love to all the folks there, and I hope you are well

lots of love to all of you  
your loving Grandson
