

the silver dollars missing, but the paper was  
still there. I think someone just felt it +  
'that' so perhaps it was just a note.  
The other kids hadn't missed any. We do  
the same thing tomorrow + so on till  
we catch them - the sticking rat or rats.

Donald Lidea is home. He just got  
his commission as an Ensign. He has to  
report in Cal. on Monday (next). My car  
home to see him; she is staying till then.  
She just stays in she is so put on.

Ruth came up last weekend. She  
made a cake + took back with her. It  
really turned out quite good. She was  
awfully thrilled about it.

I am going to write to Daddy +  
Dean yet to write so, I better sign off.  
Love, Harold

Sunday Night

Hello DE,

Had you given up hope of my  
writing? It is I who owe you a letter  
isn't it? Or is it? I can't remember  
it has been so long. However, I can't  
recall any your last letter, so you can  
consider this as it's any. even if I can't  
remember what you said to any. Wow,  
I'm getting all belled up.

But you can't guess what. Do you  
give up? O.K. then I'll have to tell  
you. I have decided to lose 10 lbs in  
the next mo. No kidding, I am really  
going to do it. This is my fourth  
kg of starvation.

from the kids' locker<sup>3</sup>, including my mine +  
Lois Lee's. They took a dollar from each of us.  
All of the lockers that have had anything in them  
have been unlocked except Betty's. She  
had about \$3 taken. Marnie lost \$6, student  
body card, year book, + several other things.

It is getting so bad that you can't even leave  
any paper in your locker without them  
taking it. Roma's 'Steuer's' lunch was  
even taken.

Friday Mr. Winter called Betty, Marnie +  
me to his office. Without saying a word  
he locked the doors and pulled down the  
blinds. After a nice friendly chat about  
it, he gave us some naked bills + some  
silver (unmarked) to put in our lockers.  
We were to check after each period to see if  
anything had happened. After 3<sup>rd</sup> period <sup>discovered</sup>

2  
Friday into they had the stake gold and  
gran ball. You remember Dorothy Schindler  
you? Well, she got the Queen. Edith Mary  
Was Q was from Duff, but she did have  
a share if you get what I mean.

Know who I went with. Do you give  
up again so soon? A fine guess you  
turn out to be. Well, it was David Jensen.  
Are you surprised. So was I. I hadn't seen  
or heard of him since last spring when  
School let out until he called up the  
other night. We had loads of fun, but the  
dance was so crowded it was almost  
impossible to breathe.

There has really been some  
excitement at school. In about the last  
three weeks someone has taken over \$30

Mother isn't feeling very well or she would  
write tonight. Last ~~the~~ <sup>Wed.</sup> ~~time~~ as she was  
going down to fix the furnace she  
stepped on a board that slipped & she  
fell. She hurt her back, but she  
seems to be a little better tonight.  
I think she will be O.K. She said  
to say she is glad you are coming.

Uncle Jim took Ab. down to S.H.  
to see the Dr. about his sinew. They  
may still be there when you come.

Yes it is bed time again & Helen is  
waiting for me to go take a bath  
with her. Tell me body hellos & tell  
Grandma that I am going to write to her  
next.  
Love  
Hazel Bacon

Sunday Mts'

Dearest Daddy,

I have been going to write for  
ages, but this just doesn't seem to  
be enough time for anything. Thanks  
for your letter. We are getting along  
OK, but we miss you & wish you  
were here. It doesn't seem quite so right  
without a man around the house.

Mother thought there would surely be  
a letter from you yesterday telling what  
you are planning to do. I hope you  
like the job if you get it.

Thelma came out with the state officer  
to Sunday School this morning & she is  
staying all night. Mother has taken

at I am getting so sleepy I think I  
better finish this tomorrow.

Good night,  
Hazel Dawn

Hello again,

Here it is Mon. night & I didn't  
get this posted. It seems as if the  
time of so fast the isn't time  
for any thing. (oops, repeating myself).

Mon. got your letter tonight.  
We are surely glad to hear that you  
are coming home. Hope this gets to  
you before you leave.

We got the pump fixed Sat. Helen  
took the switch apart & put it back  
together & now it runs.

several rolls of pictures of us + Helen.  
We surely miss those fires you made in  
the fire place. We have only had a few  
since you left & they weren't so good.

Mother, Helen, & Theresa have been to  
Sparks 3 times today & me only twice.  
instead of going to night I came down  
to stay with Sarge.

We surely are having funny weather here.  
First it snows a little, then it melts &  
we have mud & slush for a while. As  
soon as it starts to get a little dry  
it goes & snows again just enough  
to melt & make it all muddy again,  
so it goes 'round & 'round.

I was planning to write to you tonight,
