I regret Marydora - we were very glad
to get your letter. Girls haven't made
any definite plans yet with
such as they find out what they are
going to do. Had a lovely graduation
wish you could have been here.
Haven't heard from Jean for
a long time. We are having a big
storm. Not all our grain plants
had chub here last night - nice time
and made + nurse who had
with soon. Love neither
