Dear Mary Ida:

After I found out you were in Long Beach I sent home for your address but it didn't come until after I moved which was just yesterday. I was staying just No. of Long Beach & spent a great deal of my time there. I wish I had been able to see you. Do you ever come into L. A.? I haven't started to work as yet & if I should have to wait any time at all & get a chance to come out to Long Beach again I shall get in touch with you.

Of course if you come into L. A. come see me or any way perhaps you can call me. My telephone is Federal 5184. My address is 815 So. Kenmore Ave.

I got up this morning at 7:30 that's the earliest I've been up for over a month now - Ambitioria aren't I.

What are you doing Mary Ida? When I think of all the time I spent in Long Beach & didn't see you all that time I could almost cry. Write to me & perhaps we can get to see each other. Love, Gwen
