

Wing 5-13-36

A. C. Keam.

My Dear Gib:

Just a line to say  
I am back to the place where  
all the kids were all born.  
after a little over 6 mo. away <sup>and</sup>  
every thing looks much the same  
the little I have seen as I have  
not been out-of the lot today I'll  
get into my old rags and dis-  
and see how a little tomorrow  
if all well cow. & J.R. finished  
shearing today and M.A. will  
start-in the morning. all  
had a good lambing so they  
over 100 lbs. sold wool at 30¢ or  
better. but that's not to give them  
any thing for their work & still  
they are against the old folks  
penitence. Spring is here & things are  
growing good. The place will not be  
in as good condition as last yr.  
I suppose you will coming up with  
the rest next Mo. B. has a good  
plan and if you follow it I think  
you will be safe all right.  
Every one seems very much at work.

I stoped off at Lapa & had a bath. my rheumatism got bad in my right-knee & I'm afraid it is going to come back I gave myself a treatment. The best I could get night & it helped a lot. They have over 1300 turkeys off and still coming. They are counting on 4000.

Every one is well as usual but working hard. Have seen but few signs of get here. You see I've made the round trip round by the bay & shore & am a little sea as to myself regarding condition gave me some treatments but no thorough exam 2 or 3 blood test as to pressure one urion test - the night before I left. Taxatives is the amount of my treat-regarding medicine I guess I'll get on P.K. maby

I hope you are all well & you can come here next summer to see the old place. It is not just going as I have wanted to have had it. Tell them all greetings for me & a letter will find me here at the ranch till I hear from you it is the same ~~old~~ old story (with
