

Dear Ida ^{My} Mother Dear
We were very glad
to have Jean arrive O.K. He is
looking fine Thanks to both
of you for all you have done
for him. I haven't worried
at all - because he was with
you.

I came down last Thurs
with Al Berry. He went home
yesterday and Helen went with
him. I stayed to be with Emeline
for a while (till you come) (She
has not been feeling well
all spring She expects to be a
mother about September).

I sure hated to leave them
at home - they wanted to
come and said they would
be careful - and take care of
things Mother is here with
Emeline She is feeling pretty
good. But would like to go home

for a while. They are glad
that I am here.

I am glad that you and Beulah
are coming home, Ida for
a little while. And Mother Bean
I hope you decide to come
I don't think it will hurt you.
We would all do what we
could and not let you
do any work.

Truby didn't have all his
work done at the ranch and
he has to take the sheep to the
range on the 16th

He had to water and fix ditches.
It seems like he worked all the
time. and there is no help
most of them would rather have
relief.

We will be glad to see you and
will tell you all the news. Hope
you bring Beulah, Lee & Ricky.
I will be seeing you.
Love to all
Mamie
