If Dean was planning on the bus I will
pay the difference in bus & train fare if he
will go with you and then I'm sure you
will make it O.K. A few days in S.F.C. will
do you good. June is a nice month there.
When is Ida's school out - I don't think
I'll take my car but come down there and
go with her - if that is alright by her. I
will probably only have until July 1st so
would like to leave as soon as possible after
