

June 15, 1936

Dear Aunt Ida,

I am here in Salt Lake after a nice trip. We were just comfortable during the night. not too warm nor too cold. I had breakfast in St. George about 8:00 a.m. Then after we left there it was plenty warm but we opened the windows and the breeze made it nice. The roads were in good condition. Near Provo they are fixing the road but only for about a half mile. That is the only place. There wasn't a detour. Mother is here at Aunt Em's. and will stay here and ride up with you. Helen went home yesterday at 2:00 P.M. before I got here. So Mother will ride home with you instead of Helen.

I arrived here last night at 6:40 and walked out to Aunt Em's. I think I will leave tonight for home. The Card Grandma wrote just arrived this morning. I am going to go downtown with

another and see if we can find anyone that is going up home.

Those sailors that were on the bus got drunk but they arrived in Salt Lake all right. I rode with a fellow from Long Beach and we had a good time. Two girls sat just across the aisle. One was going to Boston & then by boat to Nova Scotia. She was traveling straight through. The other one was going to Omaha. They were nice and we talked & had a good time.

They were both from San Diego & had just graduated from High School. There was three busses & they were all filled.

Bring Grandma up with you. I think she will be all right. Mother says Grandpa has had the place cleaned up already. Stop here at Aunt Ems. Write & tell mother what time you will be here. The address is 430 South 11 East and they have a telephone now the number is: Hyland 5800-W I will be expecting you soon. There is two small houses that are similar side by side. Aunt Ems is the one on the south. It is on the west side of the street. Love to all, Jean
