Dear Sister,

I guess I should have written to you a long time ago but it seems that I can't do it. I got your check OK and though I could have used it before it came in handy when it did come. Well in the future your payments will be larger because Quitor's part is mostly paid and the annual payment remain the same. When the rest of Quitor's is paid there will be another jump. Of course the number of payments will be less. There goes the loan to be paid down.

Thank you for the fruit it was very nice. I hope you had a nice Thanksgiving or is yours yet to come. We have snow here now several inches. I think though that it will soon go off in the valley. I got the roof on the house just in time. It snowed the night we finished shingling. Everyone who sees it think it will be a beautiful house. Hope Raylah Lee is better and that you all do well.

Love
Wesley

Dear Ida - When I came home
Sunday night (with Stan)
Mushy has his bed said he
had waited up till eleven and
was expecting me. In the
morning he handed me
your lovely box, said he
opened it and it looked so
fine he put it away until I
came. Well we sampled it
and it was just as good
as it looked. Many of us came
home with us so we all had
some. We put it away and
opened it again this a.m.
I am thinking of you all
this day, and hope you
all have a good time together

We have some snow and
it is very cold. Starnum has
gone elk hunting. Wesley is
going up to the grave yard to take
some more of the forms off.

I got your mother and Jean's letter
yesterday. I will write to them
soon. When I left ^{s. &c.} mother
& Eneline were quite well
and Awoon was there so
I came to be with Wesley
for a while, and will
go back.

It is time to post this
I hope you are feeling ^{much}
better by now and that
the rest are well. wish
we could visit you.

Love
Mamie.
