Dear Mother Beane —

We were very glad to hear from you — glad you are all well. But I am sorry to say that we can not find the book for you. Wesley and I have been up there different times. The other day we spent a lot of time. I took all the books out of the shelf where the book of poems were — I took them out for a space of a foot or more and looked behind — then put them back and took more out and so on. While Wesley was looking in other places.

Wesley says he does not think it is there. We asked Norma about it, but she says she has not seen it. I sure feel bad about it — and I told Wesley, when I am down here I think it must be there right under our noses but when we are there looking good it just seems to be missing. We could not find a book with "Suffrage" poems in it.

We are having stormy weather and it is cold if it keeps up we will have to start our furnace. We have a fire in the fire place most every night and sure enjoy it.

Sheley still has about two days or more of haying I am afraid some of the alfalfa will be ruined. There there is all the grain. He was up to the ranch yesterday fixing the machine - Today he has to take some parts to Town to get welded. It is too wet to cut up there I hope it clears and stays fine until he gets there.

I want to thank you and Ida for every thing you did for the girls and me. We sure had a good time I enjoyed being with you so much. I will always remember it and our trip up to Mitters - that was hard but we even had fun there didn't we? I am hoping you can come up this ^{next} summer for a long stay - we want you and will try and make you happy. So be sure and come.

Love and Best-Wishes
