Dear Mother,

It has been some time since we heard from you. Hope you are well. Guess Mary Jane is there here now. We have not heard from her since she left here.

Mamie has not been very well for a week or two now. I think she had intestinal flu. She was quite bad for a few days but is better now.

Today is Sunday and I am taking it a little easy. Got my feeding and chores done about noon and then cut a little wood for the fireplace. Now I am writing a few letters then will read and snooze a little. The girls have dinner about ready now.

There is still snow on the ground but there has been quite a little thawing going on and it seems as though Spring is just around the corner.

Our chickens are starting to lay enough so that we may have an egg each <sup>per</sup> day and some left over for pakes. I think the magpies get about as many as we do at that.

(over)

Jean has been moved from Toledo  
to Illinois near Chicago. His address now  
is, 32 Teck. Sch. Sqd, Bks. T 36, Chanute Field, Ill.

Tell Ida that I paid the farm loan  
installment and that her share was  $\$75 \frac{76}{100}$ .  
I can use it any time that she can send  
it to me. Tell them all hello for me.

Tell Mary Ida that we miss her and will  
write when we know where she is.  
Love to you and the other  
Wesley.

Dear Mary Ida - I think you are with Grandma  
by now. Last night I was having bad dreams.  
Kept making every little while for no reason  
that I know of, but I felt so worried, will be very  
glad to hear from you. I hope you are well.  
We went to Sunday School - It was very cold. Ruth  
went with us. Helen drove car. Bro Swensen was  
there. Auntah Lewis wanted to know how you are and  
said to tell you to write - I gave her your address.  
They came and had a cottage meeting here it  
was very good. Auntah said that she wishes you  
were here, said I sure miss her. We went down  
to the golf & green Ball - There was a large crowd  
and they seemed to have a good time for night.  
Jean & Kirby came for two days while her Daddy  
was home. She wanted to know if you were going  
to get a job down there and I said you might.  
Grand Ketch has been quite sick. She went to S.L. High  
Mama & Clarence - when they get back to Logan she  
was so bad - could hardly breathe. They phoned for  
the folks - the mother & Dad went down. The Dr gave her  
a bed - and found that she can not stand wool so  
when they took it all away she was better and they feel  
so happy about it. I will try and write again soon.  
Love Mother.
