May 18 1930

Dear Dad & Mother.

This is late for "Mother's Day" but I thought of you just the same I intended to write from Montpelier and I went early but I was so busy that I did not get to then Sunday I had a lot of extra work and went to the farm so it slept my mind until I was on the way, but guess this will be welcome even now.

Well things are growing here but slow. There are too many cold stormy days. Three weeks ago I went to Pine Springs and sowed 18 acres of wheat there it stood for more than a week. Last week I plowed 7 acres and disked 5 and fixed fence a day when it snowed so came down. The grass is growing fine though.

I guess the boys have all their spring work done.

They are still going round and

round over the ditch, the latest is  
that they may arbitrate the assessment  
I suppose that the boys have told  
you about the rest of it. I think  
that I would settle for the best  
that they would do. Then sue  
Guayle and Oaker for damages on  
what their cattle have done to the  
ditch and hand it to them in  
other ways. If they have some  
money to throw away.

Well, the weather is fine this  
morning, I was up at 4:30 and  
now must be on my way to the  
ranch.

Hope you are all well.

Love to all  
Wesley
