Dear Mother Pearl
we were glad to get your letter a short time ago and know that you were feeling so well. We all hope you can come to see us next year too. Yes we would love to make another trip down there and take Hazel Dawn but it can not be now. She is making plans about it. Mary Ida is still thrilled about her trip, and would like another. Mesley still has two days cutting at the ranch. He has gone up to day. Has broke down so many times and the last two days has been helping with the cattle they shipped a car. Mitchell went back with them. He left yesterday at the Mabel is fine now. I was over there last night. No, my leg is not as good as ever but is much better and I am thankful to be able to be around on it, and do as much

as I do. I get very tired and it swells a lot. I am as careful as I can be so as not to fall, and hope it will get more natural. It is very cloudy today - looks like snow. The last storm took about half of our grain. Hope Wesley can get the rest before it comes.

Helmer seems fine. We met her in Salt Lake and took her to Provo. She has a good place to stay. They are nice to her. She likes her school.

Jean is busy he is at the U. stores with Emeline. Haven't heard from either of them for some time.

Wesley and I are going to go up to see Dad to night - it is his birthday. I think he is going to Cal. soon. Wesley went hunting one day but did not get a deer. He would like to go again. Love and Best wishes for you and Ida & family.
Love Mammie
