

were nice days. In fact
it was so warm I was
wishing I were where
I could go take a dip in
the ocean.

We beat the medics
in a game of soft ball
yesterday a score of 16 to 17.
It was sure a good game.

I hope you and Aunt
Ida have a nice time
on Mother's Day and
that everything is fine
down there in Calif.
both with all of the
folks & everything.

lots of love,
Your loving Grandson,
Jean

Dear Grandma, May 9, 1941
Just a line to let you
know that I am thinking
of you on Mother's Day
and ^{hoping} that you will have
a good time.

How is Aunt Ida and
all the rest of the folks.
I hope she is better ~~long~~
before now. I haven't
heard anything about
any of you since Uncle
Milton was up to quarterly
Conference.

I have certainly been busy
this last year. I have
been planning a Spring
Picnic for the Barrister
Club & being the chairman
of the committee. The

Party is to be held a week from Sunday on the 18th of May. Then I have plenty of school work and am in the word chorus also I have been elected President of the Sunday School class and I have been active in mutual but mutual is over now and school will soon be over.

We have just three more weeks of classwork and then one week of exams then comes Graduation day.

June the 8th we have the Baccalaureate services and Graduation exercises on June 10th.

Helene's exercises are just the week before. and Mary Idar are the last week of May. I think it is the 29th.

Well as soon as school is over I will have to start studying for the Bar exam and that will be a grind. But it seems that the older we get and the further advanced we get the more work there is to do.

We have had stormy weather this spring. It rained nearly every day in April & so far into May but today & yesterday
