Dear Mother,

Just a few lines to give you greetings for Mother's day and to remind you that I have not forgotten you.

I have been pretty busy lately but things are easing up a little now. I got the sheep out on the range about a week ago. Yesterday I finished branding and put the cattle on the hills. By the time I got home I was so stiff and soapy from riding and chasing cattle that I could scarcely move. My throat was so sore from yelling at them that I could scarcely speak. Mammie rubbed me good with alcohol and I feel pretty good today.

I have the work down here done and am moving to Pine Springs today.

about two weeks up there and I
should be through. Then we expect
to spend most of the next two weeks
or so seeing the children graduate.
There are three of them you know.
Mary Ida from High, with honors two.
Helen from Provo, and Jean from
* U. of U. It will be some vacation
and I am wondering if I can last it
through.

I hope you are well and Ida's
family two. We are hoping to see
~~you~~ home soon.

Best wishes and love
Wesley + Mamie
