

Dear Grandma, + Charlie,

Here I am. It was really 6 when we got here last night. I was certainly surprised when I heard about Aunt Mable. The lunch was grand and we just bought a bite for breakfast in Salt Lake. I Baker it rained about 10 drops and the windows were dry almost as soon as if ^{through the thin} the window and they gave us a glass of ice water and was it good. The bus was so much cooler than the store we really paid. I am glad that trip is over. ^(I mean the trip home) Single does seem good. The twins, baby, Mamma and Mma are going home soon. They sure have helped mother by being here. It seems good to see Father walking around by his self. Every Body like my dress.

I certainly had a good time down there and ~~was~~ wish I had it to take over again. Even with the trips across the heated desert.

I am still sleepy and tired. Will have
to go and post this soon. Thanks
for everything.

norma Jean was surprised and shocked
when she heard about her mother.

I hope Helen's case isn't bad
and she can come home soon.

I am nearly asleep. I hope you
can read this.

Thanks again for a ^{swell} month.

Love,
Mary Jo

Thurs Sept 1.

Dear Mother & Ann

We were glad to get your letter - I had felt so worried - Helen left here at midnight Sunday that Mable was operated on. Every thing seemed so sad. I got two cards from Helen then Friday I got a short letter saying she was in the hospital (Wed she went and would go to surgery Thurs morning at 7:30 I was hoping for word from them on and not a word till Tuesday - Aunt Helen wrote a short letter saying Helen was fine - operated on Thurs Everything O.K. and for us

not to worry. Then
yesterday I got a letter
from Helen and yours.
Helen said it was not
so awful bad but said
she was sure sick the first
two days. Said she
had such faith in Uncle
Milton and thought
he would soon move
her in an ambulance
to his place.

wanted to let you know
I am sorry if I worried
you. But thought
some one had told you.
and I didnt even know
Helen had appendicitis till
two days before we sent for
her to come home - she came
on Sat and left Sun

It has seemed such a long time to me.

I am glad you are feeling good.

Mother went with Uncle Hyman to Montpelier Canyon - High Priest cutting yesterday.

She went in to see Mabel said she looked fine. Wesley and I are going to try and go to see her this afternoon.

It has stormed and stopped the hay. The wheat is frozen some. Wesley will have to cut it soon.

School starts next Wed.
seems like the summer
has gone too fast.

We are not very ready.
We will be glad if

Helen can come
home for a short
time before school.

(P. Mrs starts 26.)

Hope she will be able
to go this year she
wants to so much.

Well Wesley is
ready so must
close.

Love and Best wishes

Mamie

Friday.

Dear Mother Dear

We failed to take
this to town as will
write a line now
Hesky is going to Soda
Mitchel will go with him

We went to Town -
Saw Mabel - She looks
fine and said she
felt good - Thinks she
can go home about
Tuesday.

Well the tubs came
& made the blotches.
They are going home
to day.

we did not hear
any more from
Lan Lanars. I think
everything is alright
or they would send word
besky says he must go
now. It is a lovely
day. Jean has gone
to now.

Have had quite a
storm.

Loveingly
Mamma.
