

Dingle Idols

April 23 1939

Dear Mother,

I am sorry that I have not written sooner but I have been so busy. Just too tired to do anything that is not absolutely necessary. I am just about through lambing now. Had a good crop something over 300. I took the oldest ones out to gloss this morning.

I can relax a little now, but not too much as farming is now on.

I do not know if you have heard of Mrs. Spence having a fall and hurting her leg. They thought for a while that it was broken, but came to the conclusion that it was just cracked. She is still in bed and had to be turned. Fannie was down there with her for about two weeks. She is going down again soon.

We are all well up here. I hope you are all well. Best love to you and the others,
Wesley.

Dear Grandma,

We got your nice letter & was sure glad to hear from you. Grandma Serrine is feeling pretty good. She has her up & down. We have her in a hospital bed (old style) that you lift) & it makes it a little easier for us. I am quite busy & must go to class soon. Mother just came last night & brought it in to post & write a little in. It is getting to be spring around here. The trees & grass is green & the cherry trees are in blossom. I am sure sorry to hear about Beulah Lee having the measles. Hope she soon gets better. Tell Charlie & Ricky & all the rest. Hells for me Lots of love to all of you
your Grandson

Dear Mother Beam - have been going to write to you for so long but have not been feeling very well. I came to Salt Lake to see if I could not get to feeling better. I was going home with Ken, then Mother fell and broke her leg so I stayed till Ruth & Ken came back. Saturday night it rained a little and Sunday it must have rained all night. It looked pleasant Monday morning & Anne came and said do you want to go to Salt Lake I told him I did. He left there about three got here at seven fifteen. about Sparks came with us. They are fixing his cast so that he can take it off at night. Told him to come back in a month.

Mother is feeling a little better today but she is very bad. She seems

a little weaker than when I left.
Mamma and Ab are going home
to day I will stay till the end of
the week. we think maids will
come by then and stay a few
weeks. we will be so glad to have
her. There is a lady that comes
every day and bathes her and
does what we have for her to do.
mother was sure glad to see us. It
seemed to make her feel better
Ruth told us all about you and
we were so glad to know you were
feeling so much better and I hope
you will be able to come up this
year. I would love to see you.
mother is calling us and I want
to post this. I will try and write
sooner. Hope Edas children are
better give my love to all of them.
And write again we love to hear from
you, Love to Ruth
Love Mamma.
