Dear Mother Room.

I meant to write
weeks ago and explain that I
wrote a hurry up letter to put in
Mitchel's letter to you. But I guess
it didn't get in, anyway I thought it
did until you mentioned it. I have
neglected to write, ^{any way} I haven't written
to any one much, my girls keep asking
for word from home, and I put it off
just because I can. Then I feel badly
when I don't get letters in the mail every
day. Well I must say. I do like my
book you send me. Thanks so very
much. It has lots of interesting things
good menus and good articles. This last
one has a reducing diet. I'm going to
follow. I told Mitchel I would love
to go down & let you reduce me later
if I ever do. But I hope I can. I'd like to
lose 50 lbs. right quick. I'm looking
forward to seeing you folks again this summer

and do plan to visit more with you
and Ida. Last summer was just about
all filled up for me. This next one won't
be like that again.

We were sorry about Ida having the
mumps. It must have gone real hard
with her. Mitchell said he thought she
had them when he had them in Logan
and do hope she comes out of it soon.
Ramona is just as cross as a bear
yet. I saw your Bro. Alvin at Preston
Mrs Geo. Crackett came & got me & took me
there one day & to your sister in laws Ruth
They are both very interesting your Bro
did us feel so good that day he said. His mother
in-law had just died, about a week before & he
seemed to think quite a lot of her, and talked
mostly about her. I think she was 92, he said.
Lais has several Crackett girls in her classes
at school, and their mothers think Lais acts a
lot like you. (They all say Aun's Harri.) Mrs Geo C.
had Lais & me out there on Sunday the 11 of April
she had a lovely dinner & ^{had a nice} ~~beer~~. He is badly crippled
up with rheumatism in his hips, like Mitchell is at
times. I have it in my left knee, ^{now} and it hurts
terrible can hardly walk at times. I'm hoping real hard
it lets up I have lots of work to do, and it keeps me from it.
It is real cold here some days, Spring is slow, ^{hard to keep fire}
Lovingly Mabel.
