Mother Mary
very ill

Logan Dec. 20th 1892

Dear Will - Mother is improving
some but is very sick yet - she
sleeps some and can eat a little
now which is better than she has
done for some two weeks. It is
hoped and believed now that she
will recover if she has close
attention and good care. If
she keeps on improving I will
come up with the boys Friday
night, I will write tomorrow
and let you know for sure.
I have not seen the boys yet -
will go down this afternoon.
The children can make the papers
and do what they can getting
the trimming ready for the Christ-
mas tree. It has been snowing

here last-night and today.

I hope you are all well.

Mother speaks of you and says she would like awful well to see you. She says you are awful good. I must close for I want to go ~~go~~ down town now.

Your Loving
Nora.
