Dear Daughter We  
was very pleased to get your letter  
but I had so many letters to write  
that I could not get time to answer  
yours any sooner I commenced to  
write Saturday and have not got  
through yet I have three more to  
write after this and you know how slow  
I am in writing. We got a letter from  
Ozro he is well and all of our Ari-  
zona friends are well Felicia has  
been to St David on a kind of a  
mission with some more women  
She stayed a week and saw the  
most of our relatives they were all  
very pleased to see her of course she  
did not go a visiting she saw them  
at the meetings they wanted her  
to stay and make them all a visit

Love and kisses for the dear little children

but she could not for she had to  
come back when the rest did

Your boys are doing fine I  
think they look as happy as larks  
they were all up here yesterday  
they go to all the Sunday schools  
and I think that the woman they  
live with takes them to the Sunday  
evening meetings with her

Nora I have got your calico quilt  
all pieces all ready for the rest  
calico to set it together

How is Will now I hope he is  
well before now I have a bad  
cold and of course I caught a good deal,  
and my head aches very bad  
other ways I am all right

Edwin was down from Preston  
he says they are all well Roland  
is teaching school in Riverdale

Henry thinks your cow is all right  
she does not give much milk now  
please write again to your loving  
mother M. S. Crockett
