Long Beach. Oct. 14

Dear Dad -

You owe me about a dozen letters but I'll try my luck a gain - I am glad to hear that cattle are good this year - They seem to be going clear out of sight if the price of meat has any thing to do with it -

Mother is very anxious to hear from you so she'll know what to do and then stack home - I wish you both could be here this winter with you plan on coming down here soon and both enjoy it here instead of freezing there -

Things are getting ready for a boom here as soon as election is over, I am going

So try and play a little after
while. Bob and I were over
in Wilmington to-day and
danced by the Homestead. It
looks prosperous around there
The dance lot at a corner
from it has a pole sign on it for
twenty thousand dollars - and only
across the street - I'm sure if
you were here you'd be more
satisfied with it - and be here
ready to let it go when you
felt like it - I wish you would
keep it. It pays a good interest
and is nice to have - Please
try to come down soon -

Give my love to Ken - and
all the rest - and don't work too
hard - Lots of love -
Dad & Bob.
