My dear

You came this morning about
 some P.M. - I was glad to get it
 while I have not had an ans. from my
 las 2. will write you anyway I was
 talking with Marnie on the phone M.A.
 and to know that it is from Marnie trying
 to get me to the school system about the school
 since they report some 2000 yesterday they
 just to believe her - and - for 100000
 but not to the - I was the main but an
 important list. Have been in my office all
 day (the kitchen) trying to arrange some kind
 of terms for tomorrow to see if the matrons
 can get together. All the reasons I am not coming
 to cal. are numerous first I have not the money to
 get it second time is to short and the money it
 would take will go a long way to do things I
 am compelled to do I have had one in some
 to ^{small} meet my obligations & have been very un-
 successful in getting any old acct. in + many more
 if I cared to mention which is of no use.

Am glad you are feeling good I'd hope
 you keep on till you get to be the same
 as a girl I do not look for anything doing

Well I am rattling on but saying little but if
your are lonesome it will take a little time +
you will some benefit in away.

Peggie is growing + is beginning to say things
you will be surprised when you see her. W.W.,
Mamie's baby is sure a fine one I believe it will
look like W.W. The rest have done well Lane is
quite fat and a fine fellow I like him. Helen
looks better than I have ever seen her so does Mamie
W.W. seems to be liked well at Bern and he told
me he had put in an application - Bancroft for
next yr. There is being some figuring done here
to make a change next season, M.A. seems to
be getting along very well Has been doing all
the work lately D., is going to Montpelier next
Tue. to help Simon + Frank on their motor + they will
pay a man to work in his place so M.A. will
get a rest for a few days. See how I am
filling this page with gossip. Lets see if I
can think of any more. W.W.'s last horse is
ded + Doug. bot a team for 125⁰⁰ of Brown at
Tamarck + M.A. a team of one of his boys for 100⁰⁰
so we have a few bed of work horses but snif the
black horse went crazy the othe night - and

P.S. By the way I hope I've not written too much & I hope you'll like it.

ran round in a circle whinoring to beat the
land and frightened all the other horses
and they all ran away from him. Quite an
excitement for a while but I guess he is
all right now. Have not heard from King
for a wk. or any of the rest.

Chickens are beginning to lay pretty
well, Jim cal occasionally. Does not do
very well but plans for the summer
just the same. Some talk of starting the
beat industry here in B.L. this summer
and I. May get a job of field man at a
salary of ~~15.00~~ + 25.00 for grass and he may
put in some beats on the south place.

Still catting but about thru

Mr. Q. is still alive but Old Bess is
worowing him about the property making
a regular ass. of herself. He wanted Owen
to come + see him if in fact sent for him
but she was not going to let him in + while
taking off his over shoes jumped and grabbed
him round the neck + commenced choking
him. He shook her off + she fell + my boy + I
set up a howl. but we went in just the
same. The girls tried to keep him out but his dad wants
to see him and did. Tell you will laugh at this
& comment + I hope you enjoy it. Love & ever All!
