 My Dear Friend Sara
 Your book and
 letter of 25 ult. at hand I had
 just ^{re}ceived ^{at} Sam's last
 night and I did not get to
 finish it ^(yet) I only had one
 sheet of paper with me and
 that was not very nice but if
 you don't mind ^{it} I have
 time I'll copy it but I don't think
 I will and will send it as it
 is and you may burn it when you
 have finished it. Will you want to know
 what Mr. Campbell (I'm that
 is the name of the man you wanted
 to know) said about you? I was
 down in section this evening and
 he said he would bring my coat

up this morning about 9 o'clock. It is
part^{and} he fails to put in an
appearance. If he comes I will
and he will not in the letter. To tell
you what he said would take
too much time and he will have it
summed up in a nut shell. So I
will drop the sub. Q. Opa he has
been married and had a wife and
two children. Opa's opinion
I shall keep to myself. Now
I have such a bad headache I
will not write a very long letter.
I was real well when I commenced
& thought to write you a long one
I am reading the Doctors and
Covenants but how strange that
they differ so. The one published
in 1880 & the one pub. in 1882
now there seem to be something
wrong. God's word, you know new
changes. It is the same yesterday
& day & forever. And I must say that

those two books are not exactly
the same, my self being in the
dark may not be able to see
in the right light. I have not
mentioned it to any one but
you. I'll tell you some of the
differences in the issue of 52. The
Rev. one marriage is all together dif-
fering the same & the Rev. one the
word of the believ - is not in 52
at all & you know that it was
given in 1832. Now can you
explain these questions I am
so mixed up on them that it
makes my head ache. I want
to know what is right & do what is
right and it seems that the Rev. one
puts every thing like that in my
way & I try not to think of it but
can't help it. O keep you had
better stop at the best places
but then I can not altogether clear
my mind will catch up these
un eddled low ideas & keep them turning in my mind

Yes the letter was here
and I have ans. & will send it
with this one

In Christ love and you
will gain by it.

What did you mean by saying
You would be true to me as
long as you was to yourself?

I hardly know how to take
the expression. Explain please

Dear Friend

Your welcome letter reached
me here to night and need
I repeat that I was glad
to hear from you & I really
was I am much obliged
to you for sending the book
Will do more for you some
day got it all right - Am
well excepting I have a grave
yard cough & my lungs
are hurting me a trifle
Well the reason I expected a letter
from F. was this When I
left him Mo. P. M. We had
not come to any conclusio

in regard to some of our buis.
and we were to meet at Mendocino
on Tues. but I left there early in
the morning & did not get to see
him and I thought he would
write immediately I looked for a
letter from him sooner than I did
from you. This is why I made the remark
Did you think he was more regular than
you? I wish that was not the reason
All my correspondance are very punctual
but I have not your letters on the other
ones I answer immediately. Do you
intend dropping some of your correspondance
Are they not interesting? I suppose
your time is so well occupied to
waste it in that way, good idea!
I have something to tell you
when I come down. Will
not get them for a conference
Would like to have been there
very much Hope you have

a good time. My now opposer
will please somebody & but few will
regret it I could come but feeling
guinea not to from reason or other
If you had made a request of me
to come I would have done so
but as it is I will desist coming
I have a very nice place here where I
am enjoying good accomodation &
good society I am very glad you
are getting along well in your school
and like it. Will I must go
& see when the mail leaves here
& go to Ukiah I want to go over
to day I expect another letter for
you when I get there
I am as Ever
Your Friend
Will
