to get some one to take the
agency for a literary work that

agents making from 20 to 30 a
a week the one they wrote to sent
my name down and they told me
about it and I wrote to Saw
King and Saw and told them
what I was a doing and asked
for a certificate there you
I have not got word from a letter
but I am well satisfied it
is the Museum, that they have
to offer. I told them that it was
not to get from me, you but
it was to make my self safe
did it thinking it was for to best
I got the Pros. for Cyclo of soda
yesterday with letter accompanying
the instructions I am first by shore
of making the soil all right
Tell me what places you have
conversed in the valley with
Saw King & Saw and explain

I hope you will not think
I am wrong in writing to
the firm I wish you would
explain to them I can not
work every day one after an-
other there is so many things
to look after to keep every
thing moving in the right
direction and my feet get
very tired some times.

I thank you for your
congratulations I did not
know whether you would
think ~~you would~~ I was a
doing very well and
you and the Pros. will all know
I was to sit out if I could make
a report, said they were a good
for them to a lot of things and I
fun to work till I could hear from
you from the way you wrote I
knew it that you had a store that
I wanted to knowers for it not so
you or a doing that and I can do
I would only burn the grass and
would not do you any good
either well I am very much obliged to
you for writing it and when you hear me

said if I wanted a letter
of recommendation to the firm
he would give it to me
It is quite probable to me
concerning go to some and
they would decline that they
would not take on I would
tell them I was not asking them
to take one in ten or fifteen
minutes they would sign their
name twice I am having
a, golby good time I am
riding a horse I could not
get a long a toll without
