My Dear Friend Row

I have arrived here at last got here at noon and found people busy making payments regards to the day. Every body is looking a little nervous and I believe they are coming. I have been told that they have commenced in Beavertown yesterday. There was some arrests attempted by the people who led them out of town. They came in here last night - via - on a special train from Pocatello this morning. I have not found out anything as yet all of the rest of the G. F. (W.S.) will not be here till next Monday so I will have to lay over one week. I don't know how the tables will turn. I don't feel uneasy yet. If the man I am looking for get hurried time I

will come out fine if not it
may be hard to have I expected
if I am charged to the territorial
jury I may stay saying that
there will be no polygamy cases
to be tried before us but I wish I shall
get out all together I want to go
up the R. to see the mine & see how hard
it will not get back in time to make
a very long trip with a child if
the country is so wild & if
you want you to come in I will file
a pre-emption on a quarter section
the time to save it in for you
and the right in the same day
and I would like to buy your farm
& secure the land for myself but
what a chance here for it. If it is
your father would receive the
price of land I like this country
much better than Cook or Texas
take - Well now I am very tired
from working & this long ride and will
not write you much to say may write more
in the morning before sending the money but may
you write me how soon if you can. I'll
yours
