

ster seeing you have time
& I have not. Had a letter
from home the folks are
well The children are sick
with the diphtheria - I it
right - I am getting anxious
to go home but cant see that
I am near the time that
divas & mo. ago My grain
looks well & I think it will
be good if the frost dont
freeze it Mary wants the
table & I will have to quit
so here is love from

Your
Will

Miss G. E. Crockett
My Dear Friend
You are no doubt looking
for a letter from me I
have been very busy every since
my return I have looked for
a letter from you but fail
to get it - night before last
Frank came home & brought
a letter he had just recd. for
you - I was glad to hear from
you even in that way but
how much better I would have
felt had I got one too
I will not attempt to tell
you how I felt knowing
that it was my duty

To write you first - if you
remember I told you to
write as I would be very
busy all week I did not
get home till Sunday evening
& every since I have been
working Yesterday I took
paper & pencil to the field
expecting to write to you during
the day but could not get
time I thought of you all
day & wondered why you did
not write - how you may think
this letter a strange one ^{but}
I have to talk to Stewart & ^{white writing} My
she is talking now & I can't
think of what I want to tell
you I thought of many things
yesterday but now all
has vanished. Will feel
down hearted - Mary has
just gone to get some horse

blankets & of course I will
have to talk about the
her she is with o - o
& she looks so comical
I must quit seeing I
cannot write you a
interesting letter I will
be down as soon as
possible Has Archie
read the books yet I
have a letter from J. P. Moore
stating that he had stiped
them & the cards he said he
did not have enough it will
be to late to order the
& Archie
will have to write the
if he has
not already done so I have
been afraid that they were
late but having any word
from him or you I consider
he had read them all right
My dear gir you must write me

Miss L. C. Crocker
Logan
