

Plans to take
Nora back to
meet Emma
& the rest of the family

Dingke Dell Ranch

August 2nd 1885

My dear Mr. Crockett -

My dear friend

By your kind invitation I came over
last evening and this
night I wrote a card as
soon as I could today but was
not at home I went with
a number of men with some
important piece of business
and was detained and did not
get back till sundown I
was thinking of you the most
of the time and wishing I
could see you had a very long
ride I am sure it was
real warm but being in
the sun very day the last made
I have become quite well to it

I have been putting up a
May Richards' Old Quail
will finish in the morning
I wanted to bring this etc.
but I fear I will not I must
be there soon! How is Archie
getting on long I have wondered
why he never wrote I have had
4 letters from Cecelia & written
him two or three & heard nothing
By the way My dear Gull
is remaining and how does
your happy heart beat
Now I feel sorry to know that
Emma omitted something that
hurt your feelings I know she
did not intend any thing of
the kind Believing you every
proud & sensitive in like though

it best not to mention your
connection with me for fear it
might give you offense She repeatedly
asked me if you are coming saying
she would give most any thing to
see you I had a short note the
other day simply asking when
we would come back & if you
were coming sure I would
do so. It's not my leaving some
love - & we have made some
definite arrangements Of course we
are going & I think we will be
welcome too! Now I am tired
and sleepy & will write no more
to night may finish tomorrow.
I feel like I had missed spelled
many words my head aches some
and I am rather dull to night
Good Bye My dear Gull
Ever Your Will.
