Poem from Emma
" " Still

Dear Mother

I hope you are well

I have not had time to write you much lately
The reason are my own business
and I did not find it in time to
write to you this afternoon

I will not write a long letter this
time but I will tell you
of some of the incidents

I received a letter from
some last evening the wife
of my old girl married and
was dead I was sorry to
hear of it and I wrote and
informed them when I come I
would bring some one with me

My sister sister sent a piece
of poetry which I will copy
I think it is real nice

Remember me to your
that a truly genuine friend
and when you find one
stick to it what better
stick to it what better

There is one
May your eyes be
And our plans succeed
be but we happy and wish
And I will be your friend
