Dear Sister Nora I thought that I would ^{write} you a few lines as the others are all writing. I guess that you are seeing more of the world than you ever expected to. and I hope that you are enjoying yourself as much as you expected to when you was away. We all miss you very much anyhow I do. and am waiting anxious ly for your return. you cant imagine how pleased George was to learn that Edith R. was going to write to him again. School begins ~~again~~ a new term next week and I guess that we will all start.

O Did you shoot your squirrel with a rifle. Give my respects to W. you must write to me. for we are very glad to get a letter from you. are the folks nice out there. I hope so
From your loving Brother WJG
