Dear sister Nora

as mother was writing I thought I would write a few lines and put in her letter:

Will says he will write to you again some day if you dont answer his ~~his~~ letter. I am glad you are having a good time out there. I hope nothing happens to mar your happiness. When do you expect to come home? I am going to school now and am having a good time. John, Will, and Roxie are also going to the college.

I expect you have lots of snow out there by this time but I am afraid we will not have

enough to sleigh ride on at
Xmas.

Will you know what a poor hand
I am to write; so I guess you will
excuse me for not writing more
with love to all especially to E. I
remain as ever your brother
