Dear Mother

We were very happy last night to learn of the safety of Beulah & her boys. It was very nice of Dad to phone us so promptly. Leanne calls visitors home immediately. I was sorry I was making calls at the time.

The wish is to hear such news concerning Fabian & his family. We hope & pray for such good news at an early date.

We all hope you are feeling well and continue to take good care of yourself. We are all well here - activities, in general, are about as usual.

If there is anything you need you must not fail to speak up.

Farrar seems to be doing quite well. His hand seem to be healed but I understand his entire left palm & fingers are numb.

Exercise will be a great factor in
determining his ultimate function.

We are happy it was not worse.

We hope all the well down your way
& thank Ida again for phoning us so
promptly.

Much love to you all there,
from us here -

Loveingly yours, Ed

Douglas
