Dear Mother & Dad.

I'm very sorry to be so slow right now but
it just seems that time passes so fast & I'm
always on the go.

We were very happy to receive your nice card
& to know that you arrived safely & are enjoying
yourselves. We want you to continue to have
a nice time & shouldn't hasten back to the
cold country.

Don't forget that we want you to stop here
see the world's fair at your next trip

To date I haven't had much time to even think
about the fair

So far we are all O.K. in spite of the fact that
that there are numerous cases of mumps
around now.

When I last saw Milton (2-9-39) all was well then
The home is now locked both outside & inside
& won't be long till it is plastered & will be
nice to have the thing all over with

Dear Folke:-

Today is a beautiful, warm day - sure seems good after the cold we've had. I have had trouble with cold in my nose most of the time since leaving the hospital. Maybe that will leave now. The rest of the family is fine.

Quite a lot of excitement about the fair. People are wearing all kinds of colorful costumes. I don't have any desire to go to the Fair until it has quieted down some. I can wait a few months. I have heard they are going to keep it going two years.

Received a letter from Father today. He is fine - had been ice skating. He said the ice wasn't very soft when he fell. I do wish we could see him often and that he didn't have to live "all alone".

I suppose Douglas has told you all the news. I wanted to put a note in to let you know I was thinking about you too.

Do hope you continue to keep well.

Love

Lucile
