Dear Mother:

We were very happy to receive your
present letter. Especially to learn that you
are feeling better.

Quite a surprise to note that you are
back in Long Beach.

We all hope you stay well but if you
need help there you must call it without
too much delay.

According to the recent news
it may not be long until we are able to hear
direct from Manila. That will be a great day.

We just returned from a 5 day vacation
to a Berkeley Camp 81 miles north.
It was short but very pleasant.

We are all well here at present.
Marilyn is busy in college. The other three
have recently finished their summer school
are taking a little rest before regular school.

I'm happy all the folks in Idaho
are comfortably situated in their nice homes
and are enjoying good health.

You must take the best of care of yourself
always. Let the others all hold for us
all up here.

Lovingly your kid
Douglas.

Dear Folks:-

We are having a short, but very restful vacation here - five days total - leave here tomorrow A.M. It is very beautiful here - gorgeous redwoods every direction.

We have all our family, but our two eldest - Forrest is in No. Carolina - Marilyn home alone - attending University. We do miss them. (Forrest was fine on his recent furlough home - save difficult to have him leave)

We enjoy swimming, boating, hiking & eating - And I do not cook the meals. They are served by the camp. Yesterday we drove to Fort Ross - an old Russian Fort on the Ocean - more beautiful scenery.

Lawrence & Douglas are carving totem poles - will be real attractive.

We hope you are having a very pleasant summer. I do not know when we will go to Idaho now Father has sold his home. The little boys won't have that enjoyment like the others had.

We have a family group picture that I would send one to Grandpa & the others could see it if they give to. I want to keep one for each of children. Have to get it wrapped sometime.
Love Lucile & All.
