

David and I had a very pleasant visit with Forrest in Alabama and my sister Lois in Kentucky. We didn't know he would come so near home, but I surely do not regret taking the trip. I am very thankful he is in school. I hadn't seen Lois & family for three yrs. I would liked to have seen Evan & Ruth, but knew I was needed home.

We are all well. The children are home today - so I have some work for them to do.

The girls did enjoy their little trip.

Thanks

lovingly

Dear Grandma & Ida:-

Thank you, very much, for being so nice to the four young people - which included our two darlings. Maybe, some day. Jo Ann will belong to us too. Don't you think she is a sweet girl? We all appreciate your kindness to them.

Also, thank you Grandma for the nice card of congratulation which Douglas and I received. It is nice to be remembered. Today is your anniversary. I do hope you pass the day very pleasantly. Of course you miss Grandfather on this day especially.
