Dear Mother:

We were very pleased with your nice card & note. Thanks for remembering us. We are so happy you are feeling so well.

Needless to say we are very happy that Forrest has been transferred back to California where he is expected to attend a school of engineering.

Marilyn & Forrest's girl Jeanne are leaving tomorrow night to visit him over the weekend.

I suggested that they call on you & maybe you have an extra bed. I know they would be welcome. Maybe, if you have 2 beds in the use, Forrest & his friend could stay Saturday night.

I would not want you to put yourself out above all no extra work. We would feel very secure if the girls were staying there. I'm enclosing a little check to cover

extra actual persons incident to  
their visit

I sound like they are only going to see  
Forest - whereas I am very anxious for  
them to visit & become more acquainted  
with you folks.

We are as well here - No special  
changes taking place

We saw Milton family today & they are all well.

We have not had anything from the  
Islands either - but still hoping for the best.

I thought about you a lot on Oct 29<sup>th</sup>  
& intended to write you but mind is all  
more thoughts about Nov 11<sup>th</sup> - Most pleasant  
thoughts - We have been married now 20 yrs  
time surely passes quickly.

Some of these days maybe I'll be able  
to take a run over your way.

If for any reason you are not able to  
accommodate the girls we will understand.

Love to all  
The Andersons

Lovingly yours  
Douglass

See carry our hellos for us all.

Douglass
