Dear Grandma:

I am now stationed at Chapman
College in Los Angeles. Are you
surprised? I sure am. I got in
last night from Alabama. We had
quite a trip - 5 days. I was very
glad when it was over.

We are here to take an engineering
course at the city college. I am in the
Army Specialized Training Program (A.S.T.P.)

I was very happy to be sent
back to California and so near home.
I am really very lucky. I only
hope that I am fortunate enough
to remain.

I'll be seeing you soon. I
hope.

your loving grandson
Forest.
