Dear Mother

I am always pleased to receive your nice letters & most of all to know that you are feeling well.

We were all sorry to see Jean leave you and to have you staying alone. I trust he is doing well and am happy to that Mary Ada is going to be there with you soon, if not already.

Last Wed. we took a couple out to dinner at a night club, & who should we see there but Helen Ream - she was there with her fiance who was ready to go over there.

At present the 18 yrd boys are going to be allowed to finish their high school work as I've told - That suggests that Forrest may not have to leave before June. Aside from finishing high school, each month

these young fellows are advancing  
towards maturity. Many as only boys &  
it seems hard for them to be taken  
from their respective homes.

We have been thinking lots of Beulah,  
Labein & their families, especially around  
Dec 17 & Jan 26 - Surely they should be quite  
safe because they are not in a particularly  
blighted zone.

Life now - n-days is more or less a hectic mess  
but it is nice to be able to help as much  
as possible.

I don't hear much from Idaho, but,  
I suppose they must be getting along quite  
well there.

I hope you folks are able to get by in good  
shape and that your health continues good.  
Tell Dad & family all hello for us up here.  
We are all well at present & hope to continue so  
if possible.

Your letters are always very welcome.  
If you need anything do not hesitate mentioning it.  
Love  
your kid  
Douglas
