Dear Mother Ream:

We were pleased to hear that you had arrived home feeling fine. You certainly made good time. We do hope you will all come again soon - we will be happy to have you here.

Melle and I returned from a Gym. class a few min ago. We played Volley Ball & Bad Minton in a nice new P.E. building at Albany High School - where Marilyn goes.

David is in 1st grade this term - attends school A.M.

9 P.M. He feels real grown
up. Eldon certainly misses
him - watches him leave as
far as he can see him
- happy when he returns.
They are precious little boys.

We hope that Ida
and her children are enjoy-
ing good health. We look
forward to some day seeing
their lovely home.

Remember us to Jean.
We are happy he is with
you.

Love

Lucile

Dear Mother:

We were very happy to receive your cards
& know that you are much better.

It is our hope that you will continue to
improve and you must continue resting.

We are all feeling fine - no more
mumps to date, but a few slight colds.

Nelle also had letters returned because
of discontinuance of mail service.

We are watching with interest the western
front & news today is very hopeful.

I came last time & now want so for so I'd better
get started: Write when you can & don't forget
we like any news you receive.

Love to all

Douglas

Dear Mrs. Beam:

We enjoyed yours, Ida's & the
childrens visit very much, come and
see us again.

Love,

Nelle.
