Dear Mother:

Sorry to be so tardy in replying to your
very nice letter.

All year I have tried to secure the month of June
for our vacation but it seems that just when
either another thing would come up to prevent it.

For about a week it fell between maternity cases
so we decided to rent out & pick a closer spot for
a week just with minimal travel - where
we are about 160 miles from Berkeley.

Very pleasant one will be home Wednesday.

I am not sure about later trips but would
like to go to the Ranch.

Do you know if or when the vault will be ready.

We are all well & fine & hope you people there
are equally as well.

With love & a goin' soon

Loveingly yours
Douglas
