Dear Mother:

Thanks for your nice letter. Happy you  
are feeling better.

Also happy you have company & hope you  
will let them do the work & you take it easy.

I thought of you all the way through this simple  
revisit you were there with us. Hope we can  
go through together some time in the near future.

We enjoyed it very much. Recieved  
incidents of 17 years previous.

Saw by bit that Lapie bath quilt over  
I had hoped to lunch with them but was  
so busy & only away from home 5 days  
& 2 of them enroute.

Returned home last Sunday night 10-20-40  
we are quite well.

Happy & healthy Norma

Hope you will soon come up this way  
& come stay with us.  
Love to everyone

Loveingly  
Douglas
