

Aug 30 -

Dear Mother -

I had no idea you would not be later than Sept 1. so I have spent every spare minute cleaning up your house and getting ready for you to come. I was down there several hours today.

Your ~~cards~~ are ~~with~~ me all here do you want them sent or what. Don't know. School doesn't start until the 16th. Jean wrote to Dorothy and said he would be here but a little late. Lois wrote Dick Ward and said she was not coming but was going away some where else to school. It's just as well they give someone else a try at her. Dad said he would be down for your Golden Wedding Day.

I was glad and surprised to hear about Ken & Ruth being married. They were mistaken about the radio being from me as I didn't hear about it until you told me - but today I got a nice letter from Mrs K D. The most interesting & descriptive one I have ever had from the islands. I'll save it for you. She sure is happy. For her wedding bouquet Ken got her 2 doz. white orchids.

She is very much in love with him
and they both deserve it.

Ken got a raise in salary - J.G. They are
living in a little house in the woods -
and the rainy season is on.

Bob hasn't come yet - I expect him about
the 6 or 7th of Sept.

The kids are alright but last night
the baby was real sick - she is taking
her whooping cough serums - and
she had a bad reaction - I called Blise
and he had me give her 2 aspirin tablets
in some honey - and then she fever seemed
to let her go to sleep - she seemed quite
herself to day - I'll be glad when the
last shot is over.

Dorothy's mother is in the hospital
so she is over there to night for a while.

I am anxious for you to come home -
I am glad your pressure is where
it should be and that your legs & mouth
are on the mend & that Helen is so well.

Give my love to them all.

and come home as soon as you
can - Lots of love -

Ida & Riddie.

Your picture is so beautiful.
