

55 - Aug 12 - 35 -  
Well that's all I can do  
and I'll be glad to hear from  
you when you write.  
Helen's mother -

It is hard for me to write decent  
letters but I think I'd just have to  
tell you what you are just going to  
miss - Aunt Grand's car just called  
up & said Archie and Ella would  
be in to night at 11:30 and wanted  
me to meet him in S.A. but I think  
she was just getting ready to join  
her husband in Portland - but I seemed  
to be ready for her -

Helen's letter just came with the  
check - I'll take care of it for you as you  
said - I go down and water your  
place every day or so. it has been so hot  
When Bobbie was here he stripped  
the geese on my car so I was 3 or 4 days  
I couldn't get down - and I'll be darned  
if all the buried garbage hadn't  
sprouted. It sure looks wild - but  
I do manage to keep it alive after a  
fashion. Your naked lilies look  
nice on my dining room table

I wish you could enjoy them  
too.

It sure is nice of Melton & Helen to  
get you some decent teeth you  
sure needed them.

Well at last were alone with  
Dorothy and Jan enjoying at last  
a little vacation. Dick wrote me  
a letter the other day and said so long  
as I had both his bro & sister down would  
I let him come down for a week or so  
now that look the stock out of me  
He had already forgotten that he had  
been here for a week also.

I don't know when Babie's coming home  
When you are ready to come home  
just let me know and I'll meet you  
anywhere.

The kids are fine and the baby  
runs every where. Mrs Mellicott calls  
repeatedly once in a while to see if I heard  
from you. That was a dandy poem you  
wrote. Mrs Thomas sat on Mrs Christensen  
for you. Well hurry home give my love  
to all and see hurry home. Love Ida
