

Sept 14 - 35

Dear Mother & Helen

I was glad to hear that you were improving so nicely I didn't really realize you were so sick. It sure is nice of Helen to write so often and take such good care of you. Maybe we can do something for her some time.

I still feel guilty at not going to see her while in D.C. but Bob did see her each day.

Well Mother it looks like Beulah and Milton turned out to be your best children after all. I would

have told you that years ago when about all I can do is be moral support and ^{give} good advice even tho
If you think I am going to let you go anywhere again you'll just be mistaken.

I got a letter from Lois & she

said she would see me soon so I suppose she is on her way.

Maud Lamerant's out fit gave Uncle Archie a box of clothing for him to take over to Murreals girls. We were curious to see what there was and opened them. He said there was nothing that those girls would wear and he was not going to carry grease rags over to Clyde so he left them here & I sent them up to Mamma. Helen just wrote & thanked me for them said they all fit her. and seemed pleased to get them.

Uncle Geo Bell & Helen are living in Venice near Guy this winter and have been over twice to see you - Geo. Looked ~~affably~~ had the first time but the

second time - he looked like
his old self again

Miss Newham (Nellie) calls up
every few days to see how you are
and says she will write again.

She sure is nice

Well I have a lot of things
to tell you when you come
that is hard to write such
as gossip about Archie and
the neighbors - Mrs. Prince sent
her place to 2 young couples
and went back to "Liberal"
Now if Mrs. Harriman would
marry again & move away all
would be well again -

I hope you will be able
to come home soon.

I am trying to keep your
place wit but it looks like
the dishes -

Lots of love to you all
