

Sept 28.

Dear Mother -

How are you today? - Better I hope
Irene was glad to get a letter from
you but was sorry to hear about your
nose bleeding - I suppose it was a good
thing it broke in your nose.

You know I just think I take a
little vacation - and run up there
and see you - There is no place I would
rather go for a few days so if you
don't hear from me to the contrary
I'll go up next Fri night and be there
~~the~~ Sat morning on the owl - I won't have
to leave there until Sunday night as
I am on afternoon session - I'll sure
be nice to see you again - I was hoping
you would be home by Sept 1 - but
I guess it is better there for you
when you feel so punk - I am glad to
know every one has been so nice to
you - that makes it more pleasant if
I appreciate Helen writing so often
to me - You thank her for me won't you
I have had some nice letters from Ken & Ruth

and I'll bring them along so you can
enjoy them too - They seem so very
happy thank goodness for that
I feel sort of responsible for it all

Ricky started school and enjoys
it a lot - wishes he could go on
Sat. too - My work is not so hard as
it was last year - but plenty hard
I have Mansur Ward - and a flock
of others

Well if all goes well I'll see you
soon - Try to get your clothes on again
I wish you were able to come on
home with me -

Lots of love to you all
and especially you -

Ida & Family
