

26 May 1883

Preston May 26 1883

Miss Anna Crockett

My Dear Sister

You dont know how glad I was to get your big long letter so full of interest. I wish you would write me one like that real often.

Archie told me of the horse back side you had I hope you had a nice time I would like a ride but it is not much fun with out a saddle but I am a going to learn some way or other I wish your school was out so you could come up here I am nearly sick to see some of you up here. Ruth has just been up here and said for me to say she was up to Preston all right. I have not time to write very much as it is post

time Ray can walk pretty good
now and would like to see his
God-mother I am awful lonesome
now with Archie gone. I am afraid
I will nearly go up if some of you
dont come. I wish Delia would
come or little Henry or someone
I dont think it would be any good
wishing for Ma to come. It is quite
a nice boy we have living here
Brother Sharp up here had a boy
seven years old hurt badly yesterday
he was on a horse driving more horses
his folks found him shortly after
with his head all crushed in he
can not speak. Ojro set up all night
they sent for Dr. Ormsby he came
and said he could do nothing for him
It is blowing nearly all of the time
Archie's folks are up here a good deal
I should like to go down to Logan
again if I could but dont know

when I can baby both so I can
hardly write. You must write soon
a good long letter you will have
to excuse this for I am holding Ray
and it is time to send it to the office
I am with much love your sister
