Dear friend here I am
at present I came down this morning
will remain here I do not know how
long It may be possible that I will
go. & If I do not go I will be in Logan
on Sat. but If I go it will be some
time if ever I am going. To arrange it
to stay if it can be done that is for
a while when I wrote you at Clarita
I had expected to go to Malad but the
mail brought different news & I
had to come to Ogden

Will Nora you have been on
my mind every since we parted last
I cannot help thinking about you
for some reason I cannot tell why ~~is~~
and if you think a bit me the same this
time will give you pleasure

One from you would give me real
enjoyment I have seen several of
my ladies friends but there is
something missing you know what.

Well I must go and get
my photos this eve and see if my
man has come in on the train yet

Well Nora you will excuse the
blunders as I had to snatch a few
moment to write if not criticise and
let me know

I close beging to remain
ever your sincere friend
