Dear Wife

Laying all things
a side I am decidedly homesick
to day I wish I was where you
are or you was home I hope you
are having a good time and Baby
is well I dont give yourself any
uneasiness about me as your
colt for it has just this morn
came by the door I will do well
till you get back Have a good
visit - & come home when you
get ready I have wonderd to
see you full away from the cabin
I hope you will have no feeling
of regret to come back to our
home Dear girl I think of
you every time I see your flowers
I set them in the window yesterday
& to day to give the sun

I watered ^{them} to day They are
looking well I will try and
keep them nice till you get back

Fred wants you to go to his
mothers + get 2 or 3 bu. of apples
+ bring up he is talking of coming
down a foot + riding back with you
I think John will throw up if Fred
comes down I dont know what has
got I in the notion of coming down
I will write you a gain have
no more time I must put the
flowers a way + shut the
chickens up + do the chores
for the night
